

LAKESIDE LIFT® CORPORATION

Quality Lake Products

Lakeside Lifts are US-Built Products

www.lakesidelift.com

We appreciate your interest in our products. Shown within are key portions of our brochure highlighting our popular V-series portfolio (V12.5, V30, V45, V55 and V70) Lakeside vertical boat lift series and canopies, as well as our new UPS-shippable cantilever-style 850 and 1000-pound PWC lifts. The V45-108-66 shown in this brochure has a 4500-pound weight capacity, handles a 108" beam boat and can raise your boat 66 inches high. These lifts are of all-aluminum construction, stainless steel aircraft cable for lifting – *and* are an industry leader in both construction and performance – which is why every Lakeside Lift comes standard with a 15-year structural warranty.

Call us if you have any questions or need further assistance. You can view all of our products at our website www.lakesidelift.com. We appreciate your interest and look forward to hearing from you!

Lakeside Lift Model # <small>C = cantilever style V = vertical style</small>	Weight Capacity (Pounds)	Overall Beam (Inches)	Overall Width (Inches)	Overall Length (Inches)	Lifting Height** (Inches)	Minimum Platform Height (Inches)
C85-52-37	850	52	60	60	37	12

* Available in a 78" lift height

** as measured around to top of cradle

The Popular V45-108-66 Lakeside Vertical

Lakeside Lifts feature:

- 15-year structural warranty (industry-leading)
- 2-year mechanical warranty
- 12' extra-long bunks
- Stainless steel aircraft cable for lifting
- Stainless steel cradle fasteners
- Light-weight aluminum construction
- Standard leg extensions for 3' deep water without compromising overall lift height. Others available.
- Powder-coated crank wheel and adjustable knob
- Canopies in various lengths and 18 colors
- Host of complementing accessories
V30/45/55 have 66 inches of vertical travel – great for fluctuating water levels

Lakeside Lifts are engineered to provide years of maintenance-free service. This enables us to provide an industry-leading 15-year structural warranty. Providing the best – all the time.
